

Comment installer le client VPN sur MacOS ?

Comment installer le VPN sur Mac OS ?

1) Tout d'abord allez sur le site de la HE-ARC en passant par ce [lien](#), cliquez sur outils et ensuite sur « VPN Cisco »

The screenshot shows the HE-Arc website's 'Service informatique' page. At the top, there are navigation links: Actualité & Agenda, Médias & Presse, Emploi, Annuaire, Contacts, Service informatique (highlighted in yellow), and a lock icon. Below this, there are sections for ÉTUDIER (Formation, Mobilité, Vie sur les Campus), COLLABORER (Ra&D), and ORGAN (La t). A banner below these sections states: ▲ Le service informatique soutient la communauté HE-Arc.

2. Purpose of Data Collection and Processing. The data Cisco collects from the Software is necessary for the essential use and functionality of the Software (e.g. device tracking, access control, data and traffic analysis, threat detection, malware and conduct-related analysis, etc.), and is also used by Cisco to provide associated services and to improve the operation and functionality of the Software. For these reasons You may not be able to opt out from some of this data collection other than by uninstalling or disabling the Software. You may have the ability, however, to configure the Software to limit some of the data that can be collected, as described in the applicable Documentation and Administrator Guide. For example, You may: (a) withdraw your consent to collection, use, processing and storage of Non-personal Information collected by the Customer Experience Feedback Module at any time by turning the module off; and (b) withdraw your consent to collection, use, processing and storage of Personal Information collected by the Web Security Module at any time by configuring the Cisco Cloud Web Security Filtering Service to anonymize your end user data.

3. Consent to Data Collection and Use. By using the Software and/or subscribing to related Cisco-provided services and accepting these terms, You agree to the collection, use, transfer, backup, and storage of your Personal Information and other data by Cisco and its service providers. Cisco will not process this information other than in accordance with Cisco's Privacy Statement (identified in section 4 below). You also agree that Cisco and its service providers may, as part of your use of the Software and the provision of related services by Cisco, transfer, copy, backup and store your Personal Information and other data in the United States, Europe, or other countries or jurisdictions outside your own where data protection standards may be different.

4. Privacy Statement. By entering into this Agreement, You agree that Cisco's Privacy Statement, as it exists at any relevant time, applies to you. The most current Privacy Statement can be found at: http://www.cisco.com/web/siteassets/legal/privacy_full.html.

Description of Other Rights and Obligations

Please refer to the Cisco Systems, Inc. [End User License Agreement](#).
